

Volunteers Needed

The technology committee is looking for volunteers to be trained and help operate the sound/projection/streaming system for Sunday worship services. The systems are not difficult to operate but do require some training and attentiveness during the service. Volunteers will work on a schedule of generally one Sunday a month. On the scheduled Sunday the operator needs to arrive at least one-half hour prior to worship to review the service and slides and start the announcements at 15 minutes prior to the service. Basic computer skills are helpful but not required. If you would be willing to help please contact either Mike Mosher or CJ Merriman.

Chapel Prayer Wall

Do you have a prayer concern you'd like others to pray for? In our new Chapel we have a wall for you to post those prayers. Feel free to write a prayer and pin it on the wall near the cross for others to see. Take time to sit and pray for those prayer requests. May this bring us closer to each other's needs and blessings.
